For the Banner.

Elba, Ala., July 1st 1897.

Dr. M. R. Editor.

For some time I have been thinking I would write you a line from this section, just to let you all know that I have not forgotten my old Florida friends; friends who were true to me for four years of my ministerial life among them.

Elba is situated on Pea river, thirty miles north of Geneva. It has only about 300 inhabitants, but it is one of the most progressive and hustling little places I ever saw. A railroad is now being built from Newton, Ala. to this place, and on account of this, property has advanced in price to a considerable extent. There is an unlimited water power here which, if utilized, and I trust it may be, can run many thousands of spindles and looms. Elba is also surrounded by a very fine farming country, and you know Mr. Editor, if the agricultural interests are kept up the towns and country will prosper. Now do not think I am trying to proselyte any of your West Florida people into coming up, for I am not, though I assure you a warm welcome in behalf of the people now here, and I think I am safe in saying that this comes as near being a "land flowing with milk and honey" as you can find any where. Of course you are not far behind in these natural blessings, and it is to be hoped that in the near future all of West Florida may be part of the grand old state of Alabama.

Hoping that Chipley may prosper and grow as the "green bay tree," and that her citizens may be noted for their piety and morality, as well as business and energy, and wishing for the BANNER a long and successful life.

I am yours, etc.

J. K. POWELL.
